RCBS BANNER STAGE

STAGE DESCRIPTION

Stage Description – Blah blah – There are two targets that must be engaged behind the RCBS Banner – 1st target located in the hole of the “R” and 2nd target located on the bottom hole of the “B” – blah blah – whatever you want to do. Just need to incorporate shooting through the banner somehow. Whatever distance and stuff is up to you.

VORTEX CHALLENGE

STAGE DESCRIPTION

This can be incorporated into an existing stage or done on Friday as a side stage. But we will have a 3" circle target set at 300 yards (1 MOA) from BEST they will get 1 shot at this target to earn their Challenge Coin. If you want it stand alone, or at the beginning/end of another stage. My recommendation is use this as a side stage (like the Accu-shot) they can do on Friday. Only issue is will they have access to the 300-yard range on Friday? Only thing is we need to make it consistent across all matches – whatever you do – every other MD will need to do. 😊

PICKUP TYL

STAGE DESCRIPTION

Shooter will stage rifle in the bed of the pickup unloaded with the bolt open and pointed downrange. Upon the start signal, the shooter will climb into the bed of the pickup where they will proceed to engage the TYL targets from biggest to smallest (Right to Left). All targets are at 526 yards and the point allocation is as follows:
10" Circle - 1 pt., 6" Circle - 2 pts., 4" Circle - 3 pts., 2" Circle - 4 pts.
Miss a target, start over, but keeps high score
